MyNav sposta i confini della navigazione assistita al mondo outdoor. Non è solo un gps cartografico, ma un navigatore per muoversi ovunque: sentieri outdoor, percorsi mountain bike, strade, piste da sci.

Menù ed interfaccia sono estremamente intuitivi come in un navigatore stradale, massima leggibilità e immediatezza delle informazioni.

**MyNav 600 può essere usato anche in auto come navigatore stradale.**

Trip Computer, profili altimetrici, DVD Map Manager incluso nella confezione.

### Navigating along outdoor paths

MyNav shifts the borders of assisted navigation to the outdoor world. It is not only a cartographic gps but a navigator to move everywhere: outdoor paths, mountain bike routes, roads, ski slopes.

The menus and the interface are extremely intuitive as in a street navigator, resulting in absolutely clear information and first-rate readability.

**MyNav 600 can be used also in the car as a street navigator.**

Trip Computer, altimetric profiles, DVD Map Manager in the box.

### Outdoor Navigation auf neuen Wegen

MyNav bringt die satellitenunterstützte Navigation in den Outdoor Bereich. Weit mehr als nur ein kartenfähiges GPS-Gerät, gewährleistet das Navigationssystem umfassendes Routing auf Wanderwegen, Mountainbike-Strecken, Straßen und Skipisten.

### Einfache Bedienbarkeit

Das Menü ist wie bei einem Straßen Navigationsgerät intuitiv bedienbar und bietet ein Maximum an Lesbarkeit sowie unmittelbare Übersicht der Informationen.

**Selbstverständlich können Sie den MyNav 600 auch zur Straßennavigation verwenden.**
